MEMORANDUM

Date: April 4, 2007

To: The Governing Board Members

From: Joseph T. Edmiston, FAICP, ASLA (Hon), Executive Officer

Subject: **Agenda Item XI: Update regarding Tehachapi Renewable Transmission Project.**

Background: This item is for informational purposes. Wildlife Corridor Conservation Authority (WCCA) staff received an informational brochure for the Tehachapi Renewable Transmission Project. Portions of the project pass through the wildlife corridor (see attached brochure). Segment 8A in Los Angeles County consists of removing a transmission line, and making room for a transmission line. The right-of-way would need to be widened by about 100 feet for approximately three miles west of the intersection of Fullerton Road and Pathfinder. A minor rerouting of existing lines will be necessary near Fullerton Road. WCCA staff has requested the public environmental review documents once they are available. Staff will keep WCCA updated about the status of this project.
