### Project Objective:
The Escondido Canyon Parking Lot and Trail Improvement project is proposed to add amenities to one of MRCA's most highly visited trails. The improvements to the Escondido Canyon Parking Lot and Trail include revisions to the parking lot layout and placement of a portable toilet, which require a Coastal Development Permit from the City of Malibu. The CDP process means significant investments in engineering, geotechnical studies, biological surveys, and other analysis of the impact of proposed improvements. Although the scope of improvements is something that could be handled efficiently by MRCA staff, the CDP requirement significantly complicates the project.*Attach additional pages as necessary
